Author and Subject Indexes—Volume 16, 1981

Author Index

ABELMANN WH: Effects of alcohol on the cardiovascular system. 11:80A
AGARWALA BN, DAVIS F, LEVY HB: An enzyme is missing. 2:76A
AKINS CW*: Intracoronary streptokinase in evolving infarction. 9:105
ALFORD CA*: Antiviral agents: clinical status report. 7:109
ALI AS: Nephrotoxicity of aminoglycosides. 2:146
ANOLIK R*: Baby who refused to walk. 12:109
Postvaccination paralysis in a 20-month-old child. 9:40A
Three puzzling wheezes that weren't asthma. 11:153
AUSTEN WG*: Intracoronary streptokinase in evolving infarction. 9:105
BARTLETT JG: Antibiotic-associated pseudomembranous colitis. 12:85
BERMAN SJ: Annual Pap smear: justifiable? (editorial) 3:10
BENDINER E: (see Past and Present)
BLUM M: Thyroid function and disease in the elderly. 10:105
BOLEY SJ: Early diagnosis of acute mesenteric ischemia. 8:63. *See also* letter 11:17
BUCKLEY MJ*: Intracoronary streptokinase in evolving infarction. 9:105
BUKANTZ SC, LOCKEY RF: Controversial techniques: protocols for evaluation. (editorial) 7:11
CALIN A: Elusive triad. 5:32T
Pair of radiologic 'red herrings.' 7:40D
CANNON RA*: Hyperlipidemic infant. 6:41
Recurrent Reye's syndrome without liver lipid deposition. 2:45
CANNON RA, COX KL: Recurrent vomiting in a spastic quadriplegic. 3:41
CARBONE PP: Options in breast cancer therapy. 2:53
CARR DT: Malignant lung disease. 1:97
CHUSID EL: Diagnostic procedures in bronchopulmonary diseases. 7:99
CLEARY T: Fever, hemolysis, and a 'sterile' blood picture. 9:65
CODY RJ*: Severe congestive heart failure with progressive dyspnea. 9:139
COE FL: Nephrolithiasis: causes, classification, and management. 4:33
CONLEY ME, ANOLIK R: Baby who refused to walk. 12:109
CONLEY ME, LILLIE MA: Chronic school absence. 7:40N
Neonate with dysmorphic facies and heart defects. 9:100
CORDOBA OA: Antipsychotic medications: clinical use and effectiveness. 12:99
COX KL, CANNON RA: Hyperlipidemic infant. 6:41
Recurrent Reye's syndrome without liver lipid deposition. 2:45
COX KL*: Recurrent vomiting in a spastic quadriplegic. 3:41
DAVIS F*: An enzyme is missing. 2:76A
DICKERMAN JD: Familial hemolytic anemia associated with sulfa administration. 9:41
DOMAN DB, GINSBERG AL: Hazard of drug-induced esophagitis. 6:17
DONALDSON JF: Therapy of acute fever: a comparative approach. 9:125
DOUGLAS SD, ANOLIK R: Postvaccination paralysis in a 20-month-old child. 9:40A
DuPONT HL*: Bloody diarrhea and fever of acute onset. 3:137
DWORKEN HJ, LESEMAN RF: 'Cyclic hepatitis' in a young woman. 11:48G
ERICSSON C: Arm infection after abdominal gunshot wound. 8:136
ESCHER DJW: Use of cardiac pacemakers. 9:49
FINK JN: Immunologic lung diseases. 5:53
FISHER DW: On turning fifteen. (editorial) 9:11
Shape of change. (editorial) 2:11
Time of change. (editorial) 1:10
FRANCIOSA JA: Hypertensive left heart failure: pathogenesis and therapy. 2:77
FRANKLIN K, CODY RJ: Severe congestive heart failure with progressive dyspnea. 9:139
FREIBERGER HF, FUDENBERG HH: Appetite for armadillo. 6:137
Chest pain, fatigue, and fever. 4:24A
FREIBERGER HF, FUDENBERG HH, VASILY DB: Severe verruca plana with T-cell defects. 2:44O
FRENCH B*: Headache and vision loss in a seven-year-old child. 8:130
FUDENBERG HH*: Appetite for armadillo. 6:137
Chest pain, fatigue, and fever. 4:24A
Severe verruca plana with T-cell defects. 2:44O
GELTMAN EM*: Positron-emission tomography in cardiac evaluation. 11:93
GETTES LS: Physiology and pharmacology of antiarrhythmic drugs. 10:89
GINSBERG AL*: Hazard of drug-induced esophagitis. 6:17
GINZBERG E: Many faces of competition in health care. (editorial) 12:13
GIUSTRA PE*: Three case puzzles: one diagnostic solution. 1:129
GLOVER TW*: Fragile sites and X-linked retardation. 11:81
GOLD HK, LEINBACH RC, BUCKLEY MJ, AKINS CW, LEVINE FH, AUSTEN WG: Intracoronary streptokinase in evolving infarction. 9:105
GOLDIE WD: 'Floppy baby' with normal mental and social responses. 11:37
GREEN N*: Development of synthetic vaccines. 12:55
GREENBAUM DS, MAYLE JE: Intractable constipation in three young women. 11:169
GRÜNTZIG AR: Percutaneous transluminal angioplasty in coronary occlusion. 11:129
GUZE SB: Early recognition of depression. 9:87
Patients who do not follow our advice. (editorial) 10:15
HALL CB*: Diagnosis of viral diseases—today and tomorrow. 4:49
HANCOCK EW: (see ECG Casebook)
HANSEN JA*: HLA relationships to disease. 5:41
HARRISON DC: Coronary bypass: the first 10 years. 6:49
HECHT BK*: Fragile sites and X-linked retardation. 11:81
HECHT F, HECHT BK, GLOVER TW: Fragile sites and X-linked retardation. 11:81
HIRSCHMANN JV: Rational antibiotic prophylaxis. 11:105
HOCHBERG MC: Spectrum of systemic sclerosis—current concepts. 3:61
JOHNSON L: Retrolental fibroplasia: a new look at an unsolved problem. 5:109
JONES JM: Recognition and management of Candida esophagitis. 4:64A
JOSEPHSON ME: Holter monitoring: uses and misuses. 5:67
KATZ AM, MESSINEO FC: Lipids and membrane function: implications in arrhythmias. 7:49
KATZMAN R: Early detection of senile dementia. 6:61
KLEINERMAN J*: Diffuse interstitial lung disease. 6:126
KNOCHEL JP: Pathophysiology of uremia. 11:65
KOHL S: 'Febrile' seizures requiring brain biopsy. 11:23 (1980). *See* letter 2:12 (1981)
KOLSKI G, LILLIE MA, ANOLIK R: Three puzzling wheezes that weren't asthma. 11:153
KONTOS HA: Intractable syncope. 7:17
LAZERSON J: Ineffective factor replacement in a young hemophiliac. 4:101
Persistent hematoma after mouth trauma. 10:28
LEACH RE: Rx exercise: effects and side effects. 1:72A
LEINBACH RC*: Intracoronary streptokinase in evolving infarction. 9:105
LERNER RA, GREEN N, OLSON A, SHINNICK T, SUTCLIFFE JG: Development of synthetic vaccines. 12:55
LESEMAN RF*: 'Cyclic hepatitis' in a young woman. 11:48G
LEVINE FH*: Intracoronary streptokinase in evolving infarction. 9:105
LEVY HB*: An enzyme is missing. 2:76A
LIBBY D: Pulmonary infiltrates and eosinophilia in a patient with long-standing asthma. 10:163
LILLIE MA*: Chronic school absence. 7:40N
Neonate with dysmorphic facies and heart defects. 9:100
Three puzzling wheezes that weren't asthma. 11:153
LIVSTONE E: Delay and denial complicating cancer. 11:184
LLACH F*: Rapid conversion of pH to [H+]. 1:71
LOCKEY RF*: Controversial techniques: protocols for evaluation. (editorial) 7:11
LOCKHART JD: How did it all begin and where will it all end? (essay) 7:41
LUCEY JF: Transcutaneous diagnosis in the high-risk neonate. 2:108
McANULTY JH*: 'High-risk' bundle branch block. 1:73
McCUE JD: Spontaneous bacterial peritonitis. 8:117
McCUE JD, GIUSTRA PE: Three case puzzles: one diagnostic solution. 1:129
McKUSICK VA: Anatomy of the human genome. 4:82
MADIAS JE: Angina at rest, transient ST elevation, and acute MI. 3:113
MADIAS NE, MILLAN VG: PTRA in the treatment of renovascular hypertension. 8:105
MASON JW: Role of surgery in the treatment of arrhythmias. 12:66
MAYEWSKI R: ACE test for sarcoidosis: when to use, how to interpret. 10:76A
MAYLE JE*: Intractable constipation in three young women. 11:169
MEEROFF JC, PENNOCK BE, LLACH F: Rapid conversion of pH to [H+]. 1:71
MESSINEO FC*: Lipids and membrane function: implications in arrhythmias. 7:49
MILLAN VG*: PTRA in the treatment of renovascular hypertension. 8:105
MILLER WF: Chronic obstructive pulmonary disease. 2:89. *See also* letter 5:13
MOLDOW C: Second malignancy after CA chemotherapy. 3:72D
MOROWITZ HJ: Before him lay a sea of lies. (essay) 10:67. *See also* letter 12:17
Between gargoylism and gas gangrene. (essay) 9:173
Biphenyls and bipeds. (essay) 12:30
Bird what? (essay) 11:197
Ecosystem within. (essay) 5:145
Entropy anyone? (essay) 4:140
Infernal combustion engine. (essay) 7:155

*Joint author

Jurisgenic disease. (essay) 6:170
Leap of the imagination. (essay) 8:41
Living lodestones. (essay) 2:159
Phenomenon of man. (essay) 3:25
Time of your life. (essay) 1:153
MUSHER DM: 'Cellulitis' with sepsis in a fisherman. 11:124
MUSHER DM, PITCHER WD: Unusual case of UTI. 4:115
NAHMIAS AJ, HALL CB: Diagnosis of viral diseases—today and tomorrow. 4:49
NAHMIAS AJ: Viral diagnosis and therapy: the promise of the 1980s. (editorial) 4:11
OETTGEN HF: Immunologic aspects of cancer. 7:85
OH W: RLF and risk:benefit assessment in perinatal medicine. (editorial) 5:9
OLSON A*: Development of synthetic vaccines. 12:55
PAGET S: Chronic arthritis preceded by skin rash. 4:127
'Idiopathic' ankle pain. 6:36
PENNOCK BE*: Rapid conversion of pH to [H+]. 1:71
PETERS DK: Major glomerulopathies. 10:117
PHILIP AGS: Neonatal inguinal hernia and recurrent apnea. 8:21 (1980). *See* letter 2:12 (1981)
PICKERING LK, DuPONT HL: Bloody diarrhea and fever of acute onset. 3:137
PITCHER WD*: Unusual case of UTI. 4:115
POCHEDLY C: Persistent renal blastema: a seed of Wilms' tumor? 5:83
POOL SK*: 'Cough sign.' 5:25
PRUSOFF WH*: Antiviral drugs: modes of action and strategies for therapy. 6:113
RAHIMTOOLA SH, McANULTY JH: 'High-risk' bundle branch block. 1:73
REIFF T: Aspiration pneumonia after brain surgery. 10:44H
RISSER W: Lameness following a febrile URI. 8:152
ROBERTS S*: Hybridomas as a source of antibodies. 1:61
ROSSMAN I: Early recognition in clinical practice. (editorial) 6:15
SAFAR P: Dynamics of brain resuscitation after ischemic anoxia. 2:67
SAHN SA: Pleural manifestations of pulmonary disease. 3:73
SALVAGGIO JE: Diagnosis and management of hypersensitivity pneumonitis. 11:93 (1980). *See* letter 1:17 (1981)
SATALOFF RT, VASSALLO LA: Choosing the right hearing aid. 5:32A
SAUNDERS C: Hospice: its meaning to patients and their physicians. 6:93
SCHALLER JG, HANSEN JA: HLA relationships to disease. 5:41
SCHARFF MD, ROBERTS S, THAMMANA P: Hybridomas as a source of antibodies. 1:61
SCHINAZI RF, PRUSOFF WH: Antiviral drugs: modes of action and strategies for therapy. 6:113
SCHRIER RW: Acute renal failure: pathogenesis, diagnosis, and management. 3:93
SCHWARTZ RS: Therapeutic uses of immune suppression and enhancement. 8:93
SEAMAN WB: (*see* X-ray Casebook)
SHEIKHOLISLAM BM, FRENCH B: Headache and vision loss in a seven-year-old child. 8:130
SHINNICK T*: Development of synthetic vaccines. 12:55
SMALLY AJ, POOL SK: 'Cough sign.' 5:25
SOBEL BE, TER-POGOSSIAN MM, GELTMAN EM: Positron-emission tomography in cardiac evaluation. 11:93
STAMM WE: Nosocomial infections: etiologic changes, therapeutic challenges. 8:75
STEWART WE II: Clinical status of the interferons: will their promise be kept? 5:97
STOBO JD: Autoimmune antireceptor diseases. 3:49
STOLLERMAN GH: Antibiotic prophylaxis: the long and short of it. (editorial) 11:8
STROBER S: 'Managing' the immune system with total lymphoid irradiation. 6:77
SUTCLIFFE JG*: Development of synthetic vaccines. 12:55
TALLY FP: Therapeutic approaches to anaerobic infection. 12:117
TARAZI RC: Management of the patient with resistant hypertension. 1:49. *See also* letters 5:13, 6:172
TEIRSTEIN AS, KLEINERMAN J: Diffuse interstitial lung disease. 6:126
TER-POGOSSIAN MM*: Positron-emission tomography in cardiac evaluation. 11:93
THAMMANA P*: Hybridomas as a source of antibodies. 1:61
TURCK M: Alternative antibiotics for the penicillin-sensitive patient. 10:77
Clinical strategy in diagnosis and antimicrobial management of infection. (editorial) 8:15
VASILY DB*: Severe verruca plana with T-cell defects. 2:44O
VASSALLO LA*: Choosing the right hearing aid. 5:32A
WAYTZ PH: 'Strange nodules' and joint pain in an alcoholic. 11:53
WEILL H: Occupational lung diseases. 4:65
WEISSMANN G: Auden and the liposome. (essay) 5:16
Bellevue: form follows function. (essay) 8:18
Encyclopedic view. (essay) 3:146
Points of order: the trimming of medical literature. (essay) 11:79
Poussin and the bomb: metaphor as illness. (essay) 1:116. *See also* letter 6:172
Scientists prove science writers cause cancer. (essay) 6:149
Urchins of summer. (essay) 10:69
WEKSLER ME: Senescence of the immune system. 10:53
WHITLEY RJ, ALFORD CA: Antiviral agents: clinical status report. 7:109
WOERNER S: Painful inflammation in hand of a black child. 1:21
YAHR MD: Early recognition of Parkinson's disease. 7:65
YAO Y: Current view of thyroid function tests. 9:149
YOUNG LS: Infection in the compromised host. 9:73
ZELIS RF: Calcium entry blockers in cardiologic therapy. 8:49

A

ABDOMEN
in Therapeutic approaches to anaerobic infection. Tally. 12:121
ABDOMEN, ACUTE
in Early diagnosis of acute mesenteric ischemia. Boley. 8:65. *See also* letter 11:17
ABNORMALITIES, DRUG-INDUCED
Conference focuses on drug teratogenesis. 9:40K
ABNORMALITIES, NEONATAL
Neonate with dysmorphic facies and heart defects. Conley, Lillie. 9:100
ACIDOSIS, RENAL TUBULAR
in Nephrolithiasis: causes, classification, and management. Coe. 4:42
ACNE
Pathogenetic role for *P. acnes* anaerobe in rheumatoid arthritis? 11:149
ACTION POTENTIALS
in Physiology and pharmacology of antiarrhythmic drugs. Gettes. 10:91
ADRENAL CORTEX HORMONES
in Chronic obstructive pulmonary disease. Miller. 2:98. *See also* letters 4:16, 5:13
ADRENERGIC BETA RECEPTOR AGONISTS
in Chronic obstructive pulmonary disease. Miller. 2:94. *See also* letters 4:16, 5:13
AGAMMAGLOBULINEMIA
Baby who refused to walk. Conley, Anolik. 12:109
Postvaccination paralysis in a 20-month-old child. Douglas, Anolik. 9:40A
AGING *see also* GERIATRICS
Are cancer cells 'fittest' in Darwinian struggle? 1:28
Senescence of the immune system. Weksler. 10:53
ALCOHOL AMNESTIC DISORDER
in Early detection of senile dementia. Katzman. 6:75. *See also* letter 9:18
in Pitfalls in medical care of alcoholics underscored. 3:40N
ALCOHOLISM
Effects of alcohol on the cardiovascular system. Abelmann. 11:80A
Pitfalls in medical care of alcoholics underscored. 3:40A
ALLERGY AND IMMUNOLOGY *see also* IMMUNOLOGIC DEFICIENCY SYNDROMES; IMMUNOSUPPRESSION
Autoimmune antireceptor diseases. Stobo. 3:49
B-cell activator linked to rheumatoid activity. 10:44
in Diagnostic procedures in bronchopulmonary diseases. Chusid. 7:104
in Diffuse interstitial lung disease. Teirstein, Kleinerman. 6:135
Immunologic aspects of cancer. Oettgen. 7:85
Immunologic lung diseases. Fink. 5:53
'Inadvertent' factors may alter immunocompetence. 3:122

AMANTADINE
in Antiviral drugs: modes of action and strategies for therapy. Schinazi, Prusoff. 6:123
in Rational antibiotic prophylaxis. Hirschmann. 11:120
AMINOGLYCOSIDES
in Acute renal failure: pathogenesis, diagnosis, and management. Schrier. 3:96
Nephrotoxicity of aminoglycosides. Ali. 2:146. *See also* letter 4:16
in Therapeutic approaches to anaerobic infection. Tally. 12:124
AMPHOTERICIN B
in Recognition and management of Candida esophagitis. Jones. 4:64U
ANAEROBIC INFECTIONS
Therapeutic approaches to anaerobic infection. Tally. 12:117
ANEMIA, HEMOLYTIC
Familial hemolytic anemia associated with

sulfa administration. Dickerman. 9:41
ANEMIA, SICKLE CELL
Painful inflammation in hand of a black child. Woerner. 1:21
ANGINA PECTORIS *see also* CORONARY DISEASE
Angina at rest, transient ST elevation, and acute MI. Madias. 3:113
Calcium entry blockers in cardiologic therapy. Zelis. 8:49
ANGIOGRAPHY
Early diagnosis of acute mesenteric ischemia. Boley. 8:63. *See also* letter 11:17
in Intracoronary streptokinase in evolving infarction. Gold, Leinbach, Buckley, Akins, Levine, Austen. 9:106
ANGIOPLASTY, PERCUTANEOUS TRANSLUMINAL
Percutaneous transluminal angioplasty in coronary occlusion. Gruntzig. 11:129
PTRA in the treatment of renovascular hypertension. Madias, Millan 8:105
ANGIOTENSINS *see also* HYPERTENSION, RENAL
ACE test for sarcoidosis: when to use, how to interpret. Mayewski. 10:76A
ANTIBIOTICS
Alternative antibiotics for the penicillin-sensitive patient. Turck. 10:77
Antibiotic-associated pseudomembranous colitis. Bartlett. 12:85
Antibiotic prophylaxis: the long and short of it. (editorial) Stollerman. 11:8
Rational antibiotic prophylaxis. Hirschmann. 11:105
in Therapeutic approaches to anaerobic infection. Tally. 12:122
Therapy of acute fever: a comparative approach. Donaldson. 9:125
ANTIBODIES
in Senescence of the immune system. Weksler. 10:58
ANTIBODY-PRODUCING CELLS
Hybridomas as a source of antibodies. Scharff, Roberts, Thammana. 1:61
ANTIFUNGAL AGENTS
in Recognition and management of Candida esophagitis. Jones. 4:64U
ANTIGENS, NEOPLASM
Immunologic aspects of cancer. Oettgen. 7:85
in Options in breast cancer therapy. Carbone. 2:61
ANTIVIRAL AGENTS
Antiviral agents: clinical status report. Whitley, Alford. 7:109
Antiviral drugs: modes of action and strategies for therapy. Schinazi, Prusoff. 6:113
Clinical status of the interferons: will their promise be kept? Stewart. 5:97
AORTIC VALVE STENOSIS
Case of the unstable preoperative ECG before aortic valve replacement. Hancock. 11:30
AORTOCORONARY BYPASS
Coronary bypass: the first 10 years. Harrison. 6:49
APNEA
Neonatal inguinal hernia and recurrent apnea. Philip. 8:21 (1980). *See* letter 2:12 (1981)
in Transcutaneous diagnosis in the high-risk neonate. Lucey. 2:118
APPENDECTOMY
in Rational antibiotic prophylaxis. Hirschmann. 11:113
ARGININE
Enhanced lymphocyte response follows arginine administration. 5:141
ARRHYTHMIAS *see also CARDIAC ARRHYTHMIAS: MECHANISMS AND MANAGEMENT*
in Calcium entry blockers in cardiologic therapy. Zelis. 8:55
Case of the rapid irregular multiform tachycardia. Hancock. 7:62
in Coronary bypass: the first 10 years. Harrison. 6:53
in Effects of alcohol on the cardiovascular system. Abelmann. 11:80B
'High-risk' bundle branch block. Rahimtoola, McAnulty. 1:73
Holter monitoring: uses and misuses. Josephson. 5:67
Lipids and membrane function: implications in arrhythmias. Katz, Messineo. 7:49
Physiology and pharmacology of antiarrhythmic drugs. Gettes. 10:89
Role of surgery in the treatment of arrhythmias. Mason 12:66
ARTERIOSCLEROSIS *see also* CORONARY DISEASE
